## MESSAGE FROM THE CHIEF ELECTORAL OFFICER

During 2015-16, a total of four electoral events took place: a leadership contest, an early provincial general election, and two by-elections. Elections Alberta effectively completed these events within the extremely tight timelines and overlapping event periods that these events posed.

There were challenges in ensuring timely and effective delivery of resources to stakeholders and the provision of effective oversight of the registration and financial reporting by political entities. Increased engagement with parties, constituency associations, candidates, leadership contestants, and third party advertisers ensured a greater overall compliance when working with these entities to meet their legislated responsibilities.

With respect to the *Election Finances and Contributions Disclosure Act* (EFCDA), hundreds of political entity registrations and financial reports were received, processed, reviewed, and disclosed for public scrutiny by this Office. Several registered parties struggled in complying with their legislative obligations which resulted in administrative fines being levied. Maintaining the integrity of the electoral process includes ensuring the transparency of political party financing as a cornerstone of financial legislation. Section Four of this report is dedicated to providing updated and amended financial information as a result of resolving outstanding issues in the Wildrose Party's 2014 annual and by-election campaign period filings.

Prior to the end of the general election campaign period, a major legislative change to the EFCDA was enacted effective June 15, 2015, which prohibited political contributions from corporations, trade unions and employee organizations. This change had an immediate and significant impact on all registered political parties, constituency associations, and candidates. It also triggered an immediate and necessary update of all guides, forms and other resources relating to the EFCDA.

Investigations into possible non-compliance were on the rise, possibly as a result of the increase in electoral events for which financial reporting was required from various political entities. Other major activities during the year included the launch of a new Elections Alberta website, progress in planning an online financial reporting system for political entities, and making over 50 recommendations for legislative changes to the EFCDA, as detailed in the 2014 Annual Report. These recommendations are currently under review and consideration by a Select Special Ethics and Accountability Committee.

Looking ahead, Elections Alberta continues to work diligently with all stakeholders in order to deliver effective information and services. I anticipate significant work ahead as it is expected financial legislation will undergo major amendments in the near future.

Glen Resler  
Chief Electoral Officer

### Failure to File the Candidate Financial Statement

Failure to file the candidate financial statement by the prescribed deadline results in prohibitions against both the candidate and candidate's CFO. In accordance with section 44(1) of the EFCDA, the Chief Electoral Officer transmitted a report to the Speaker of the Legislative Assembly on October 2, 2015 containing the names of the 14 candidates and their CFOs who failed to file the financial statements by the filing deadline. The report was tabled before the Legislative Assembly on October 26, 2015.

In the case of a candidate's campaign that fails to meet the filing deadline, neither the candidate or candidate's CFO are eligible to be nominated as a candidate, and the CFO is prohibited from being a CFO, for eight years following the date the Speaker of the Legislative Assembly laid the report from the Chief Electoral Officer, per sections 56(d) and 57 of the *Election Act* and section 29(4) of the EFCDA. In the case of a candidate's campaign that files the financial statement after the filing deadline, the prohibitions are reduced to five years starting from the date the financial statement was filed with Elections Alberta.

Of the 14 candidates' campaigns, three never filed a financial statement, resulting in a prohibition of eight years against the candidates and their CFOs beginning on October 26, 2015. The remaining 11 candidates' campaigns filed late, reducing the prohibition to five years beginning on the date the financial statements were filed with Elections Alberta.

In accordance with section 44(2) of the EFCDA, all those named in the report tabled in the Assembly had the opportunity to apply to the Court of Queen's Bench for relief from the eight-year or five-year prohibition, as the case may be, within 60 days following the date on which the report was laid before the Assembly.

Seven candidates applied for relief from the five-year prohibition, of which five were granted and two were not granted. Five CFOs applied for relief from the five-year prohibition, of which three were granted and two were not granted. Details are provided in the following table.

## Campaign Deficits

A total of 19 candidates' campaigns reported a deficit on their financial statements. Under section 43.1 of the EFCD, campaigns that report a deficit must retire (eliminate) the deficit within a prescribed three-month period, and within one month after the end of that period, file an amended financial statement reporting on the deficit elimination.

Candidates' campaigns had a three-month deficit retirement period (DRP) from September 9, 2015 (the day after the filing deadline) until December 9, 2015, to eliminate their deficit. During the DRP, candidates were permitted to accept additional contributions or transfers within prescribed limits for the purpose of eliminating the deficit. An amended financial statement reporting the additional revenue was due on or before January 11, 2016.

Prior to December 9, 2015, the end of the DRP, candidates' campaigns were permitted to request an additional three months to eliminate their deficit. If approved, the additional three months began on December 10, 2015, the day after the end of the first DRP, and ended March 10, 2016. The amended financial statement reporting the additional revenue was due on or before April 11, 2016.

Details on the candidates' campaigns that reported a deficit, the deficit amount, whether the campaigns requested and were approved an extension, and whether the deficit was eliminated by the prescribed deadline, are provided below.

### Failure to Eliminate the Campaign Deficit

Failure to eliminate a campaign deficit and/or failure to file the amended candidate financial statement showing the elimination of the campaign deficit by the prescribed deadline results in prohibitions against both the candidate and candidate's CFO.

Two candidates and their CFO failed to eliminate the deficit by December 9, 2015. On January 13, 2016 the Chief Electoral Officer transmitted a report to the Speaker of the Legislative Assembly containing the names of the candidates and CFO, and the report was tabled before the Assembly on March 9, 2016.

Another two candidates and their CFOs failed to eliminate the deficit by the end of the extended DRP on March 10, 2016. And, one additional candidate and candidate's CFO were determined to have failed to eliminate the deficit by the end of the original DRP on December 9, 2015. On May 4, 2016, the Chief Electoral Officer transmitted another report to the Speaker of the Legislative Assembly containing the names of the three candidates and their CFOs, and the report was tabled before the Assembly on May 9, 2016.

In the case of a candidates' campaign that fails to eliminate the deficit within the prescribed deadline, neither the candidate or candidate's CFO are eligible to be nominated as a candidate, and the CFO is prohibited from being a CFO, for eight years following the date the Speaker of the Legislative Assembly laid the report from the Chief Electoral Officer, per sections 56(d) and 57 of the *Election Act*, and section 29(4) of the EFCDA. The prohibitions against a candidate's campaign that eliminates the deficit after the deadline, are reduced to five years starting from the date the financial statement was filed with Elections Alberta.

Of the five candidates' campaigns tabled in the Assembly, one never filed a financial statement, resulting in a prohibition of eight years against the candidate and candidate's CFO beginning on May 9, 2016. The remaining four candidates' campaigns failed to eliminate the deficit by the required due date, but filed their statements on time, reducing the prohibition to five years beginning on the date the financial statements were filed with Elections Alberta.

In accordance with section 44(2) of the EFCDA, all those named in a report tabled in the Assembly have the opportunity to apply to the Court of Queen's Bench for relief from the eight-year or five-year prohibition, as the case may be, within 60 days following the date on which the report was laid before the Assembly.

As at the date of publication, four candidates applied for relief from the five-year prohibition, of which one was granted, and three were outstanding. Three CFOs applied for relief from the five-year prohibition, of which one was granted, and two were outstanding as at the date of publication. Details are provided in the following table.

## RESOLUTION OF 2014 WILDROSE PARTY FINANCIAL STATEMENTS

### OVERVIEW

On March 31, 2015 the Wildrose Party filed both the 2014 Political Party Annual Financial Statement and 2014 Political Party Campaign Period Financial Statement for the 2014 by-elections. Both filings were received by their respective filing deadlines; however, Elections Alberta's desk review determined that verifiable contribution information to support the financial statements had not been provided and the statements could not be finalized. The political party was required to address the issues and amend both sets of financial statements. An amended 2014 annual statement and amended 2014 campaign statement were both filed with this Office on June 14, 2016 in good order.

Evaluation is ongoing with regard to assessing administrative penalties under the EFCDA. Details on the conclusion of this matter will be provided in the 2016-17 Annual Report.

The following pages contain information from the Wildrose Party for the 2014 annual period and by-election campaign period as verified and finalized by Elections Alberta.

## PASSAGE OF LEGISLATIVE AMENDMENTS

Bill 1, An Act to Renew Democracy in Alberta, received Royal Assent on June 29, 2015, with an effective date of June 15, 2015. The Bill amended the EFCDA and had an immediate and significant impact on all registered political entities.

Effective June 15, 2015, only persons ordinarily resident in Alberta may make political contributions. Corporations, trade unions or employee organizations are no longer eligible. In addition, corporations, trade unions or employee organizations that make a payment as part of a loan or loan guarantee to a registered political party or registered candidate must be reimbursed prior to the filing of the party's or candidate's financial statement.

Due to the EFCDA changes taking effect during the 2015 Provincial General Election Campaign Period which ended on July 5, 2015, all political parties, candidates and CFOs were made aware that contributions from corporations, trade unions or employee organizations were no longer considered acceptable as related to the campaign period.

The Committee is required to report to the Legislative Assembly at the end of September 2016. Details will be provided in the 2016-17 Annual Report.

## INDEPENDENT AUDITOR'S REPORT

To the Members of the Legislative Assembly

### ***Report on the Financial Statements***

I have audited the accompanying financial statements of the Office of the Chief Electoral Officer, which comprise the statement of financial position as at March 31, 2016, the statements of operations, change in net debt and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

### ***Opinion***

In my opinion, the financial statements present fairly, in all material respects, the financial position of the Office of the Chief Electoral Officer as at March 31, 2016, and the results of its operations, its remeasurement gains and losses, its changes in net debt, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

## OFFICE OF THE CHIEF ELECTORAL OFFICER

### NOTES TO THE FINANCIAL STATEMENTS

#### NOTE 1 AUTHORITY

The Office of the Chief Electoral Officer (the "Office") is operated under the authority of the *Election Act*, the *Election Finances and Contributions Disclosure Act* and the *Senatorial Selection Act*. General Revenues of the Province of Alberta fund both the cost of operations of the Office and the purchase of tangible capital assets. The all-party Standing Committee on Legislative Offices reviews and approves the office's annual operating and capital budgets.

#### NOTE 2 PURPOSE

The Office provides administrative, logistic and financial support for general and special enumerations, general elections and by-elections, and plebiscites in support of the *Election Act* and elections in support of the *Senatorial Selection Act*. The Office monitors and records the financial activities of registered parties, constituency associations and candidates to ensure compliance with the *Election Finances and Contributions Disclosure Act*.

#### NOTE 3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND REPORTING PRACTICES

These financial statements are prepared in accordance with Canadian public sector accounting standards, which use accrual accounting.

##### a) Reporting Entity

The reporting entity is the Office, for which the Chief Electoral Officer is responsible.

The Office operates within the General Revenue Fund (the "Fund"). The Fund is administered by the President of Treasury Board and Minister of Finance. All receipts of the Office are deposited into the Fund and all disbursements made by the Office are paid from the Fund.

## NOTES TO THE FINANCIAL STATEMENTS

### NOTE 3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND REPORTING PRACTICES (continued)

#### b) Basis of Financial Reporting

##### Expenses

The Office expenses are either directly incurred or incurred by others.

##### **Directly incurred**

Directly incurred expenses are those costs incurred under the authority of the Office's budget as disclosed in Note 6.

Pension costs included in directly incurred expenses comprise employer contributions to multi-employer plans. The contributions are based on actuarially determined amounts that are expected to provide the plans' future benefits.

##### **Incurred by others**

Services contributed by other entities in support of the Office's operations are not recognized and are disclosed in Schedule 3.

##### Assets

Financial assets of the Office are limited to financial claims such as advances to and accounts receivables from other organizations, employees and other individuals.

Inventories of small items have been held for use in provincial elections. These items have been carried as assets in prior years, however the dollar value of individual items is low and the cost of maintaining an accurate count exceeds the benefit gained from the activity.

Tangible capital assets of the Office are recorded at historical cost. The threshold for capitalizing capital assets is \$5,000. Amortization is taken in the month of acquisition and not in the month of disposal. Amortization is calculated monthly on a straight-line basis, over the estimated useful life of the asset.

##### Liabilities

Liabilities represent all financial claims payable by the Office at fiscal year-end.

##### Financial Instruments

As the Office does not have any transactions involving financial instruments that are classified in the fair value category and has no foreign currency transactions, there are no remeasurement gains and losses and therefore a statement of remeasurement gains and losses has not been presented.

## NOTES TO THE FINANCIAL STATEMENTS

### NOTE 3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND REPORTING PRACTICES (continued)

#### Net Assets/Net Liabilities

Net assets represent the difference between the carrying value of assets held by the Office and its liabilities.

#### Valuation of Financial Assets and Liabilities

Fair value is the amount of consideration agreed upon in an arm's length transaction between knowledgeable, willing parties who are under no compulsion to act.

The fair value of cash, accounts receivable and advances, accounts payable and accrued liabilities and accrued vacation pay are estimated to approximate their carrying values.

#### Net Debt

A net debt presentation (with reclassification of comparatives) has been adopted for the presentation of financial statements. Net Debt or Net Financial Assets is measured as the difference between the Office's financial assets and liabilities. Net debt indicates additional cash that will be required from General Revenues to finance the Office's cost of operations to March 31, 2016.
