---

Hello,

Please see below my response

Kind regards

Jackie

Serving the people of the Camrose Constituency is a responsibility I take seriously. I stand by every vote I have cast in the Legislature, each reflecting the priorities and values of the families, farmers, students, and business owners in our community. My office works diligently to respond to residents, meet with constituents, and provide accurate information. This summer, I completed my thirteenth round of door knocking across the constituency to listen directly to local concerns.

To suggest that I have been unresponsive is simply incorrect. I remain fully committed to being accessible, accountable, and engaged with the Albertans I represent.
