RE: Statement on my Recall Petition

Dear Sir,

It has come to my attention that Elections Alberta is authorizing a petition for my recall under the *Recall Act (Alberta)* ("**Act**").

Under the Act, I am permitted to make a 100-word statement in respect of this petition, which I make as follows:

This petition for recall will fail.

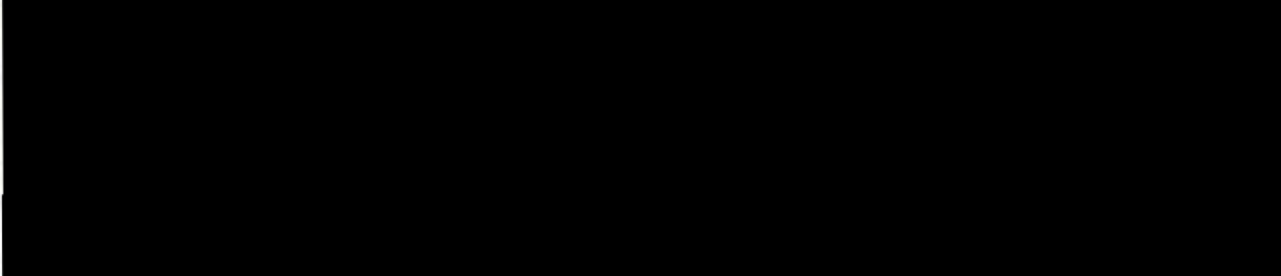

I have been part of generational improvements for Red Deer, including the massive \$1.8 billion investment in our Hospital, RDC transitioning to Red Deer Polytechnic, and removal of the NDP drug consumption site.

My service as MLA has seen good things for Red Deer.

Moreover, I have sought to boldly and respectfully, speak the truth as I best understand it, even if some do not like it, seeking freedom and prosperity for Albertans.

I invite friends and neighbors, constituents of Red Deer South, to evaluate my service on the objective merits.

Thank you.

Jason Stephan
