

Legislative Assembly of Alberta

November 28, 2025

Serving Calgary-East is an honour, and I remain fully committed to representing our community with integrity and respect. Recall legislation is meant for cases of serious misconduct, not partisan disagreements over government policy.

Misusing recall undermines our democratic process and distracts from Albertans' priorities. Since being elected, I've focused on delivering results for families, seniors, and small businesses, responding to concerns, and ensuring Calgary-East has a strong voice in the Legislature. I will continue listening, showing up, and advocating every day for the people I serve.

My focus remains on building a safer, stronger, and more prosperous community for all.

  
MLA Peter Singh

Calgary-East
