Representing the constituents of Calgary-Peigan is an honour. As a dedicated MLA, I work hard to serve all my constituents, amidst widely varying views, to deliver results for groups in Calgary-Peigan such as \$125,000 for the Millican Ogden Community Association, \$50,000 for the Sherwood Community School Parents Society, \$86,270 for the Alberta Council of Disability Services, just to name a few.

Recall legislation wasn't intended for dissatisfaction with government policy. It's clear this recall is a coordinated attempt to weaponize recall legislation and overturn democratic elections due to policy disagreements.
