**Subject: Response to recall applicant's statement**

I am proud to serve as the Member for Edmonton-Beverly-Clareview. Our diverse riding is made up of many strong communities, and I take my responsibility to represent all constituents seriously—especially when they raise concerns or seek advocacy. I make myself available through my constituency office, by phone, email, online, and at community events. As a former teacher, I understand what it takes to ensure parents and students get what they need from properly-funded public education. I look forward to continuing to represent constituents on issues of affordability, healthcare, education and services that matter most to them.

Sincerely,
